S. S. NILES, Agent, 8 Gilley's Building, Court street, Boston.

JOY, COE & CO., Agents, Tribune Buildings, New York.

JOHN MERRILL, Agent, 36 Kilby street, Boston.

The Law Regulating Newspapers and Periodicals.

1. Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscriptions.

2. If subscribers order the discontinuance of their papers the publisher may continue to send them until all arrearages are paid, and is bound to collect the whole amount, whether they take the papers or not.

3. If subscribers neglect or refuse to take their papers from the office to which they are directed they are held responsible till they have settled their bills, and ordered their papers discontinued.

4. The Courts have decided that a refusal to take a newspaper or periodical from the Post Office without notifying the publisher, and the payment of all arrearages, is prima facie evidence of fraud.

5. Subscribers to newspapers or periodicals removing, are liable to pay so long as the paper or periodical may be sent to the residence of the party at the time of subscription, unless notice is sent of such removal to the publication office.

Flour, Wheat Meal, Cracked Wheat, Wheat Middlings, AND SHORTS.

THE SUBSCRIBER continues to receive into his Store, weekly, from the Mill in the Basin at Kendusk eag, the above articles, fresh ground and of the best quality.

The middlings are good feed for horses and swine, and much cheaper than any thing in the market. 17 Store No. 15 Broad Street.

JOSIAH TOWLE.

CARRIAGES!

Carriages! Carriages!!

The subscriber hereby gives notice that he has been appointed Agent for the sale of Sargent, Harlow & Co.'s Carriages of all descriptions, which he is prepared to deliver at his

Carriage Shop on Franklin Street,

Thereby affording the citizens of Bangor and vicinity, in want of such Carriages an opportunity to purchase direct from the best manufactories in New England, at the manufacturer's prices.

Also that he still continues the

Carriage Making Business,

In its various branches, including

Repairing, Painting and Trimming,

to the best manner, and at the very lowest prices. From his experience, and facilities for doing business, and the character of his workmen, he flatters himself that in the production of durable and substantial Carriages, his establishment will be second to none in the State.

Mr. Geo. S. Walker,

Well known to the of the best Carriage Painters in New England, still has the charge of his painting department, offering a very rare inducement to those who would have their work done in an elegant and durable manner, to leave their work at this establishment. *All work warranted to give entire satisfaction*, and at bills for work payable when the work is done.

B. M. THOMS.

ON WEDNESDAY, May 11 th, at 10 o'clock A. M., on the premises, will be sold to the highest bidder,

10 Valuable House Lots,

Situated on Court Street, and so joining the old residence of H. A. Bird, Esq. Those wishing to purchase a House Lot for their own use or investment will find this an opportunity seldom offered, as these lots are but a few moments walk from the Kenduskeag Bridge.

The above lots will be sold singly to the highest bidder, without reserve. Sale to commence with lot No. 1, and so on south, they are all sold.

Wharf will also be sold at the same time,

Two Shore Lots

On Kenduskeag Stream, and the Green House and Grape Vines.

The title to all of the above is Bon perfect. Sale by order of the Former Postmaster.

Terms, one-fourth cash—balance in one, two, and three years.

Soaps—Soaps—Soaps!!

MANUFACTURED IN BANGOR, and for sale at

No. 44 West Market Square.

Would call the attention of the merchants of Bangor and vicinity to our superior stock of Soaps. Having secured the services of a practical fireman manufacturer, we are now prepared to furnish Bar Soaps of an excellent quality that will defy competition.

Our present stock consists, in part, of the following, viz:

No. 1 Family,	Castile,
No. 1 Extra,	White Variegated,
Extra Family,	Transparent,
Soda and Crystal,	Clycerine,
Chemical Olive,	Amber, &c.

By strict attention to the business, we hope to merit and receive the encouragement to which the enterprise is entitled.

M. E. RICE, Agent.

April 1, 1859. (Times and Courier) tf

REMOVAL!

B. F. S. Patten

The Aroostook Railroad.

(Continued.)

Sir, this bill, in some respects contains what might properly be regarded by my opponents as extraordinary provisions. The people of the East are to build a railroad forty-six and one half miles toward Aroostook and the boundary. They are to complete it and place upon it all necessary rolling furniture and stock, and put into successful operation, and then mortgage it to the State for seven hundred thousand dollars, which are to be appropriated to extend the road to the boundary, and Aroostook. Sir, you do not assume the least risk in this enterprise! You make no sacrifice or expend the money in the Land Office. The bill throws it all upon a small portion of the people. It throws it all upon my constituents. Sir, it will add millions of dollars to the value of your State. It will save millions of dollars to you. It will return thousands of your population at home. It will invite and attract thousands of emigrants from other States hither. Yet, sir, you throw the entire risk and burden of the Boats and Engines upon those housed at your precincts, while you say as that you appropriate your public lands; but, sir, they will bring no revenue into your Treasury. You cannot and you will not alter your present policy without this railroad. You give them away, and you will continue to do so, unless they are enhanced in value by the road. Although I think the provisions of this bill are onerous upon my constituents, I am in favor of the second division of the road. I will give you, sound arguments of clear reason, and in doing so, will submit an average year, 1856.

The Androscoggin and Kennebec road, including the road to Bangor, transported the year,

Through passengers,	23,850
Way "	105,105
Through passengers,	12,063
Way "	10,170

The Androscoggin road transported in the same year,

One road from Bangor to Milford, a distance of thirteen miles, is already in operation. It is on the back route, and does not accommodate or command more than half the travel between these points. Probably not one half of it.

The road in 1855, transported

Through passengers,	61,060
Way "	19,030

Include all the passengers who last year this road, between these points, and you have the enormous aggregate of one hundred and fifty thousand, annually—nearly as many as there are boats through and way passengers between Bangor and Portland. I do not say, sir, that the entire distance between Bangor and Milltown will realize such an amount of travel; but I do claim that the main route of the greatest natural thoroughfare of trade and travel in the State. On the most careful estimates and statistics which we have been able to obtain, there are annually thirty thousand passengers, more and through, between Bangor and Milltown, and one hundred thousand tons of freight. Of this amount of travel at this moment as the road is now built, it will no doubt receive a large portion. But, sir, with the road completed to Milltown, it will receive the whole of it. Not a passenger will go by the Androscoggin road, or by the Penobscot road, but will take the route from Milford to Milltown, as it is the shortest, easiest and cheapest route. The amount of earth removed on the Waterville road from Danville Junction to Waterville, fifty-four miles, was two millions of yards. The amount on this south is now but three hundred and eighty thousand yards. The amount of rock excavation on that road, about eighty thousand yards. The amount on this route less than three thousand. The character of the soil is different and they. The second division, superintendent of the Kennebec Railroad, who has had large experience in building railroads, and who has examined the plans and specifications of this road, and personally and thoroughly examined the ground with a view of building it, offers to construct the road from Milford to Lincoln, a distance of twenty-three miles, for seventeen thousand dollars per mile complete, in a thorough manner, ready for taking furniture, with all the depots, &c., and with a grade not over thirty feet to the hundred. The remaining portion of, (I think about thirteen miles, was not surveyed at the time of the gentleman's examination, and he did not pass over it. This part will cost more—but not exceeding two thousand dollars per mile more. The cost of working a road, and keeping it in repair, depends upon its condition in the snow, its grade, and curves of road. In Massachusetts it varies from forty-five cents each running mile, up to one dollar and twenty-five cents. In Maine it is about sixty-eight cents per mile. On this road it would be less.

What would be the amount of traffic over this road from Milford to Mattawamkeag, independent of the second division of the road? I will give you, sound arguments of clear reason, and in doing so, will submit an average year, 1856.

The Androscoggin and Kennebec road, including the road to Bangor, transported the year,

Through passengers,	23,850
Way "	105,105

The Androscoggin road transported in the same year,

Through passengers	12,063
Way "	10,170

One road from Bangor to Milford, a distance of thirteen miles, is already in operation. It is on the back route, and does not accommodate or command more than half the travel between these points. Probably not one half of it.

The road in 1855, transported

Through passengers,	61,060
Way "	19,030

Include all the passengers who last year this road, between these points, and you have the enormous aggregate of one hundred and fifty thousand, annually—nearly as many as there are boats through and way passengers between Bangor and Portland. I do not say, sir, that the entire distance between Bangor and Mattawamkeag will realize such an amount of travel; but I do claim that the main route of the greatest natural thoroughfare of trade and travel in the State. On the most careful estimates and statistics which we have been able to obtain, there are annually thirty thousand passengers, more and through, between Bangor and Milltown, and one hundred thousand tons of freight. Of this amount of travel at this moment as the road is now built, it will no doubt receive a large portion. But, sir, with the road completed to Milltown, it will receive the whole of it. Not a passenger will go by the Androscoggin road, or by the Penobscot road, but will take the route from Milford to Mattawamkeag

portion to which I have referred lying East of the seventh range lines is more than half the size of Vermont, and as a grass growing country it is superior. As a stock growing country and as a dairy country it is superior. In Aroostook lands only should be produced more wheat, rye, oats, beef, butter and potatoes to the acre than in Vermont. Where else, sir, is there so much such land unoccupied in so commodious position and so contiguous to the ocean?' Sir, I was asked why with all these advantages it had not been settled. The answer is plain. It is for the want of railroad communications. It is three days journey from Bangor to Aroostook river and it costs as much to transport a ton of merchandise between the same points as from Bangor to Chicago. Isolated and remote as she is her population now numbers very nearly as many as Franklin county and more than Piscataquis, and no one will venture to deny with a railroad to Houlton 20 years since the population would not have now numbered two or three times as many as either of those counties. Nor, in Aroostook many of the population are of foreign birth. The ratio of scholars in each county to the Treasurer of the State is perhaps the best index. In Franklin there is 7129 scholars; in Aroostook 7122; in Piscataquis about (559).

STATE OF MAINE.

EXECUTIVE DEPARTMENT,
AUGUSTA, April 8, 1859.

An adjourned session of the Executive Council will be held at the Council Chamber in Augusta, on TUESDAY, *the third day of May next.*

Attest: NOAH SMITH, JR.,
ap9 Secretary of State

A KENTUCKY FREE SOILER.—W. S. Bailey, Esq. of Newport, Kentucky, known by report to most of our citizens as the able, independent and fearless editor of the only free soil daily paper in the Slave States, is at present on a visit to the North, as stated by us a few days since, and is now addressing our citizens in some of the principal towns and cities of Maine. He spoke at Portland on Friday evening last, on which occasion a series of resolutions was passed which we shall publish hereafter. Last evening Mr. Bailey was to speak at Bethel, and during the week at Frankfort, Searsport and Stockton. It is expected he will speak in this city on Friday evening, when we may expect an interesting account of the present position of the slavery question at the South, and a narrative of Mr. Bailey's personal experiences of opposition and persecution and loss in advocating the cause of free labor in the midst of a slave-holding community. He brings letters of introduction to some of our citizens, and we commend him to their attention and regard as a man of sterling ability and worth, and as one [illegible] engaged in a cause which is dear to the hearts of all freemen.

The new project for an Atlantic Telegraph, to be laid down via Ireland, Greenland and Labrador, is engaging attention, both in Europe and America. Bills are now pending in the British Parliament, and also in the Colonial Legislatures, for the organization of a new company to lay a line of telegraph to pass from England to the Western Islands of Scotland, thence to Iceland, thence to Greenland, and by the coast of Labrador into Canada.—Concessions are promised by the King of Denmark, giving permission to land the telegraph and to erect stations upon such portions of the Danish Possessions in Iceland and Greenland as may be required by the promoters. The entire length of this submarine cable, it is said, will not be so great by about 400 miles as that which would be required to cross the Atlantic direct; and the scheme will have the advantage, that no one section being more than 600 miles in length, it can be laid without great expense, and in case of an accident to any portion, the whole line will not become useless. Moreover, from the evidence of captains of whaling ships, it appears that there is no ground for apprehension as to the injurious effects of ice. At Cape Farewell, the southern promontory of Greenland, and on the southern shore of Iceland, there is not at any time of the year an accumulation of shore ice; neither do Davis's Straits, which will be crossed from Greenland to Labrador, offer any natural obstacles to the carrying out of the project. It is proposed, if the requisite legislation be obtained, to commence operations the coming summer.

Mexico is a good place for Presidential aspirants—they use up about two a week, there.—*Ex.*

The modern Democratic Presidents of the United States use themselves up in about the same time after they take the presidential chair.—*Jeffersonian.*

Over $70,000 have been subscribed to the fund for the establishment of Professor Agassiz's proposed Museum of Natural History, in Boston.

An instance of almost unprecedented disinterestedness is related by Mr. Warren, M. P., the author of "Ten Thousand a Year." A short time ago a gentleman in England, of large fortune—worth £40,000—was indignant with his daughter, an only child, for marrying against his wishes. He quarrelled with her, disinherited her, and left the whole property to his attorney and other gentlemen. His attorney went to his co-legatees, got them to sign their claims over to him, and paid the whole £40,000 to the daughter.

Mr. Henry Walters and his wife, who live in Great Barrington, Mass., went to New York a few days since on a visit. Passing down to the Battery the husband bought a Peter Funk watch for his wife for $100, which they were surprised to find was worthless.

The Boston Transcript reports that Rev. Henry Ward Beecher has agreed to accept the desk of Rev. Theodore Parker on some Sunday during the coming summer.

Items—Editorial and Personal.

Loyalty is pestiferous—one as long pushed absent of ordinary clay. A Paris letter, remarks the Post, says that Napoleon Imperial who has now attained the ripe age of full three years, was presented to the army for the first time on the occasion of the recent grand review. The little fellow drove to the ground on the front seat of his mamma's carriage, dressed in a superb suit as lieutenant of the grenadiers of the guard, among whom he is enrolled. He wore a regular bear-skin shako, and looked as grave as a judge! During the review he was drawn along the front of several regiments, in order to teach his Highness to stand fire, and make the French soldiery and their future sovereign mutually acquainted.

The Mayor of Reading, Pa., has ordered the police of that city to arrest all women hanging about bar-rooms in the evening.

A man of sense finds less difficulty in submitting to one who is wrong-headed, than in attempting to set him right.

In the case of the slaver Echo, the Grand Jury of the United States Circuit Court, at Charleston, have indicted the crew, sixteen in number, and also the crew sent to Africa on board the frigate Niagara.

☞ Crime invests itself in charms of every kind. A young and handsome woman in Cincinnati was arrested last week for dealing in counterfeit money. A package containing $2660 in counterfeit notes, some of them being issues on the Merchants' Bank of New Haven, Conn., were found in her possession.

☞ It is well that children do not always follow in the footsteps of their fathers. Hooper says that Mr. Kimball, eldest son of Heber C. and Joseph Young, son of Brigham, have apostacised, and are about leaving for the States with their first wives, leaving their "spirituals" behind.

☞ Nature continues to supply us with wonders. The "Dutton Children" being two infant 9 and 11 years of age, 28 and 28 inches high, and weighing only 13 and 10 pounds,—smaller than Tom Thumb—are creating a sensation in the suburban towns of Boston.

The estate of the late Joshua Sears has increased in the hands of the Trustees about $600,000 in two years.

The quantity of oysters opened at Fairhaven, Conn. within the past six months, is 700,000 bushels, equivalent to 350,000.

☞ A new bank look is advertised—having a key, but no key-hole! This is alleged to be perfectly unpickable—in fact the ne plus ultra. The article is "Isham's Safe Lock," made at New Britain, Conn. The move is what the manufacturers say of it.

The late news from Utah states that the Legislature of that Territory has prepared a variety of memorials to Congress. They ask for admission into the Union as the State of Deseret, and while this is denied them, to have the privilege of electing their own Territorial officers; for the construction of a telegraph; for a daily mail; for a Pacific Rail road, for donations of public lands, etc.

A teacher, wishing to explain to a little girl the manner in which a lobster casts his shell when he has outgrown it, said: "What do you do when you have outgrown your clothes?—You throw them aside, don't you?" "Oh, no!" replied the little one, "we let out the tucks."

A correspondent of the Hartford Times, writing from San Ricardo, Cuba, Feb. 28, says: "A gentleman named Buchanan was in Cardenas a few days since, and the Spaniards, on learning his name, crowded around stabbing at him as if he were some wild animal, and some asked if he had really come to buy the island."

The hundred days of the New York Legislative Session expired on Wednesday, and the pay of the members ceased. The large amount of public shed business, however, renders them unwilling to adjourn as yet, and the session will be protracted for a day or two—possibly longer.

A lady attempted to cross Washington square in San Francisco, and taking a near cut "across lots," she stepped into a quagmire, and sank nearly up to her neck in mud. She would, probably have gone out of sight entirely had it not been for her hoops, which served as a buoy to keep her above ground. Her cries of distress brought several persons in the neighborhood to the spot, and with some difficulty she was rescued.

CONSUMPTION OF MATCHES.—A remarkable combination of alloy of the three elements—phosphorus, nickel and iron—is found in meteoric stones, which never presents itself in any of the genuine mineral masses of the earth. The meteoric fragments, however, appear to have atmospheres of a certain kind of their own, although they are devoid of oxygen. In all probability, when on their proper progress out in space, they are involved in loose investments of combustible vapors, gaseous about the hard and solid core, and occasionally extending into a sort of vaporosphere from two thousand to three thousand miles wide. The investments of combustible vapors accompany them on their wide sweeping flights; but when they are whirled violently into the oxygen containing terrestrial atmosphere they kindle under this blast like breath, and burst into flame. The flame then leaves its train of smoke-like productions flagging in the lower regions it has rushed through, and shining in the air light or twilight, until gradually dispersed by diffusion. The heat produced by the fires on the external surfaces of meteors seems to be altogether so sudden and transient that it has not time to soften the solid mass contained within. The stones never present any appearance of indentation as they would if they had been planks of half planks, in consequence of their raised temperature when they strike the ground; but the heat, nevertheless, must be of a very intense character while it lasts, for the surfaces of the exolite always fuse more than that of the hottest porcelain ever made, for this is altogether immaterial to the production of any such perfect process of glazing as the exolite exhibits. Meteoric stones have been found to be very hot when discovered in the ground, and seem have retained their high temperature for hours.

Seven teacher students, six month schools and twenty-one examinations were closed in the Calais City Council last week. There seems to be a great change in that town may be seen during the coming summer.

Maine Farming.

We have received several New Specimens of Card Type, which we wish to exhibit to those desirous of having Cards Printed in the most Fashionable and Latest Style.

☞ THE EAST MAINE CONFERENCE, of the Methodist Episcopal Church, holds its Annual Session at Thomaston this year, commencing on Wednesday of this week (April 20,) Bishop Ames presiding. The churches in this Conference will be deprived of their pastors on Fast Day, on this account.

FIRE. The house and barn owned and occupied by Mr. Francis M. Sleeper, on Fourth Street, were destroyed by fire, yesterday afternoon. The fire took in the barn, in some manner unknown, and as the wind was blowing freshly, the buildings were all in flames before the engines could arrive. The furniture was mostly saved. Buildings insured in the Concord Company for $150.

The fire department performed good service in preventing the spread of the fire to other buildings in the immediate vicinity. The new and valuable house and outbuildings of John Goodale, Jr., Esq. were within thirty or forty feet directly to leeward of the fire.

☞ The alarm of fire at half-past twelve o'clock yesterday, was from the house of Mr. A. C. Leighton on Carroll Street. The fire took on the roof, but was extinguished with slight damage.

The third fire yesterday, at 7 P. M., was the burning of an unoccupied shanty on French street, below the First Parish Church. It is owned by Michael O'Connel, and was undoubtedly set on fire. The inside was well burned out.

A CASE OF INFANTICIDE.—Yesterday (Monday) afternoon, the body of a full grown and well proportioned male child was discovered partially buried, near the railroad crossing on Broadway. Coroner Field was notified of the fact, who immediately impannelled a jury, and the following facts were brought to light.—The mother of the child was delivered about five weeks ago, in an unfinished attic room of an old house on Broadway, and the child, an illegitimate one, was immediately despatched, and the body concealed in the cellar, where it remained four weeks, and then it was discovered by a connexion of the mother, who was ignorant of either the birth or concealment, and then it was buried in the cellar, where it remained a few days, and then, fears of some indefinite trouble led to its being rudely buried where it was found.

The child's skull was fractured, and other marks of violence were found on its body. A warrant is out for the mother, who it is supposed took the cars yesterday afternoon. Her name is Lucinda Conner—a married woman, but her husband has been absent for two years and a half. The Coroner's inquest adjourned till this (Tuesday) afternoon.

A BRAVE ACT.—The boy who fell into the Kenduskeag stream on Sunday, and was nearly drowned, was a son of Orrin Tyler. He fell from a wharf above Franklin Bridge, and was saved only by the brave act of the noble ad Belger, whom we mentioned yesterday. He sprang into the full stream, caught the drowning boy after he had sunk twice, and sustained him with one hand, while both the boys were swept by the current as far down as nearly to Kenduskeag Bridge. Belger then caught hold of the wharf near Bowman's Block, and held on until rescue came in a boat. The Tyler boy was resuscitated with much difficulty.—Drs. Payne and Seavey afforded prompt assistance.

Supreme Judicial Court.—April Term.

ARTHUR J. Spranding.

APRIL 18.

Henry Googins vs Chas. D. Gilmore. Verdict for plff. for $633.11.
Peters for Plff. Blake for Dft.

ON TRIAL.

Edmund Maguire vs Isaac Bolton. Replevin for a horse.
Peters for Plff. Knowles for dft.

☞ A man was bound over for trial, yesterday, at Calais, for placing obstructions upon the track of the Penobscot and Kennebec Railroad.

☞ Remember the auction sale of Dry Goods, Hardware &c., in Bowman's Block, to-day.

☞ The new bridge at McQuesten's Mills on the Kenduskeag, (in place of the one broken down last winter) is now completed, and open for travel.

SEAL SHIPMENT IN THE STREAM.—About 500 feet of landing hose belonging to Engine No. 2 was drawn into the Kenduskeag stream, last evening from the Central Bridge, while the firemen were washing it. The tide was low, and the strength of the current drew the hose out of their hands. Boats, lanterns and grappling irons were in immediate requisition, and the property was soon "an hoked out."

ROBBERY. A pane of glass was broken in the store occupied by Hervey Pond, Esq., on State Street, on Sunday night last, and such articles taken as could be reached. The rascal hadn't pluck enough to venture in.

On Saturday night last the store of Mr. Hezekiah Brewer was broken open and a quantity of goods stolen.

A German piano-forte tuner, named Johnbuga, who has been at Calais for the last year or two, was found dead in his bed at St. Stephens on Monday last. The Calais Advertiser thinks he was a victim of intemperate habits.

The city appropriations in Calais this year amount to $24,700. Of this amount $2000 goes for Schools, $1400 for highways, $2250 for the Poor, $1625 for a new engine.

The report that Maddox and Frost, the great American Travelers, had been invited to exhibit before his private and High Majesty, is not generally believed to be true.—*Jeffersonian.*

CHEAP DRY FURNISHINGS.—We invite the attention of ladies to the advertisement of Mr. Dunning, in another column. Mr. D. has evidently studied all the wants of his customers, and has selected a stock of goods which will please the most fastidious. Those in search of bargains will find it to their advantage to call at his store.

If you have aching teeth call on Dr. HARRINGTON, Exchange Block. Prices reasonable. Try Fragrant Dentrifice. It preserves the teeth and gums, and leaves the breath sweet and pure. Try it. Only 25 cents a box. Sold by all druggists. 1t*

Valuable Timber Land
For Assignees' Sale.

I NOW OFFER for sale the following described tract or parcel of land, viz:

120-48 undivided (being 12760 acres more or less) of township No. 8 Range 4, East of Penobscot River, and North of Lottery Lands, so called, in Washington County, State of Maine.

Said Township is favorably located for lumbering operations, and contains a large amount of valuable timber. For farming purposes it is reported to be superior to any Township in that section of the State.

Said lands will be sold subject to a mortgage to the late Thomas Drew.

I have a plan of the Township, and will furnish a copy to any one wishing to examine the land with the view of purchasing.

For information in regard to title, terms of sale, &c., call on me, J. S. FOSTER,
Com. Merch't and Auct'r,
Office M. M. M. Ins. Office.

Referring to the pretended confession of Mrs Sickles the Portland State of Maine says every one feels that this statement was not voluntary and could not have been but forced from her by him No woman is capable of writing such a paper It was evidently wrung from her by renewed and repeated question on his part, and then copied out and blasted forth to the world to seal her own infamy and that of her unoffending child If Sickles ever had a particle of manliness or a spirit he never would have allowed another eye than his own to have read that paper If satisfied of his wife's guilt that was enough

The Buenos Ayres Commercial Times of February 19th, says that though nothing is certainly known of the terms of the settlement of our Paraguay difficulties, they are currently believed to be as follows

1 The Water Witch affair is to be apologized for by a salute to the American flag of twenty one guns

2 Ten thousand dollars is to be paid to the family of Samuel Chaney, killed in the affair of Fort Itapira

3 The treaty of 1853 is to be ratified

4 The navigation of the Paraguay and Parana is to be acknowledged free

5 The claims of the Navigation Company are to be settled by a mixed commission at Washington.

LONGEST PASTORATE IN MAINE.—The Rev John A Douglas, of Waterford, is the oldest pastor of a single church in Maine He was settled Nov 7 1821 Rev Stephen Thurston, D D, of Bucksport has been settled 33 years. Rev George R Allen, of Brunswick, over 30 years, Rev Joseph P Fessenden of Bridgton, has been settled 29 years Rev T Dwight, of Portland, nearly 27 years, and the Rev John W Chickering of Portland 24 years. No minister has been settled half a century, and only five over a quarter of a century—*State of Maine*

The twenty fifth anniversary of the settlement of the Rev Mr Maltby as pastor of the Hammond street Church, in this City, will be celebrated in June next. His connection dates back to within a few months of the organization of the Society

Mr Oren Ring was elected City Marshal of Portland, on Friday evening and Mr Wm H Plummer one of the Deputy Marshals

Pure Maple Sugar.

I TAKE pleasure in informing my old customers and others that my Spring supply of Maple Sugar from the interior of Vermont has just arrived fresh from the sugar trees and can be had at my house on French street, and at the Mutual Store in Norombega Market For the information of those unacquainted with this Sugar I will say that it is *wholly Maple* in its purest form made by the farmers of the Green Mountain State and I feel safe in not equal to the Sugar that is some instances produced in this State from pine trees and molasses hogsheads they are not to blame as they have no such facilities there for making it Syrup made of this Sugar with at least 8½ lbs to the gallon is also to be had at the store where the sugar is kept Price $1 25 per gallon.

Sugar, 14 Cents per Pound.

This Syrup makes a superior sauce for all kinds of Pudding Buckwheat Cakes &c It can be made in small quantities as from an ounce by putting a little water with it, and heating it until it melts It is warranted to give entire satisfaction to all who may use it S DARLING Agent

STEAMERS.

Portland and Boston Line.

The Splendid new sea going Steamers *Forest City, Lewiston,* and *Montreal*, will, until further notice, run as follows:

Leave Atlantic Wharf, Portland, every Monday, *Tuesday, Wednesday, Thursday* and *Friday*, at 7 o'clock P. M.; and Central Wharf, Boston, every *Monday, Tuesday, Wednesday, Thursday* and *Friday*, at 5 o'clock P. M.

Fare, in cabin.....$1.25
" on deck.....1.00

Freight taken as usual.

N. B. Each boat is furnished with a large number of State Rooms; for the accommodation of Ladies and Families, and travelers are reminded that by taking this line, much saving of time and expense will be made, and that the inconvenience of arriving in Boston at late hours in the night will be avoided.

The Boats arrive in season for the passengers to take the earliest trains out of the city.

The Company are not responsible for baggage to any amount exceeding $50 in value, and that personal, unless notice is given and paid for at the rate of one passenger for every $500 additional value.

L. BILLINGS, Agent.

feb., 1859

WINTER ARRANGEMENT.

NEW YORK & PORTLAND.

The Splendid and Fast Steamer

Chesapeake,

Capt. SIDNEY CROWELL, will run regularly between *New York* and *Portland*, as follows:

Leaves Burnes Wharf, Portland, every SATURDAY, at 4 P. M., and returning, leaves New York, Pier 12 N. R., every TUESDAY, at the same hour.

This vessel has just been fitted up with fine accommodations for passengers, making this the most speedy, safe and comfortable route for travellers between New York and Maine.

PASSAGE $5.00—including Fare and State Rooms.

Goods forwarded by this line to and from Montreal, Quebec, Bangor, Bath, Augusta, Eastport and St. John. Also, connects with steamers for Baltimore. Goods taken through with despatch, at the cheapest rates.

Shippers are requested to send the Bills of Lading to the Boat before 3 P. M. on Tuesday that she leaves Portland.

For freight or passage apply to

EMERY & FOX, Brown's Wharf, Portland.
H. B. CROMWELL, Pier 12 N. River, New York.

Portland, Dec. 31, 1858.

Californ ia Steamers,

Carrying the United States Mail.

5th and 20th of each month.

Through Tickets, including transit of the Isthmus, via Panama R. R.

CAUTION TO THE PUBLIC.

On account of the numerous frauds and impositions on travelers, those bound to California are cautioned to buy Tickets at the only authorized Agencies of the United States Mail Line, as below.

By order of the Post-master General, the United States Mail Steamers will be ready to despatch from New York to Aspinwall on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense.* This is the *only* line giving entire Through Tickets, guaranteeing no detention on the Isthmus.

Transit made in *four hours, entirely in daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous sail and river navigation, over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mail, and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage, with the greatest comfort and safety to boats.

Tickets must be secured in time to Californ ia agents before they will be exchanged by the Agents at Panama, and tickets thus secured can be obtained of the only *authorized Agent* for the U. S. and Pacific Mail Steamship Companies, in this city.

C. L. SARPENT, Agent, No. 18 Broad street, Boston.

August 1, 1858 1y

American & Foreign Patents

R. T. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington under the Act of 1836,
76 State St., opposite Kilby St.,
BOSTON.

AFTER an experience of upwards of twenty years, continues to secure Patents in the United States, also, in Great Britain, France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms and with despatch. Researches in relation to American or Foreign works, to determine the validity or utility of Patents of Inventions—and legal or other advice, rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials herewith given show that more MORE SUCCESSFUL AT THE PATENT OFFICE than the attainment of that SUCCESS IS THE BEST RECORD OF ADVANTAGES AND ABILITY, however said that he has much reason to believe, and can prove, that no other office of the kind has the charges for procuring Patents and services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of technical and mechanical works, and full accounts of the arts granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

As it is necessary often, Attorney to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS:

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse." CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they can safely employ Mr. Eddy as competent and trustworthy, and most capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents.
Boston, February 8, 1858.

Mr. R. T. Eddy has made for me THIRTEEN applications, all but one of which cases have been granted, and that is now pending. I consider him a suitable person of great talent and ability, as he has performed to my second all instructions given to him, to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

From Sept. 17, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made out (more rejected applications, SIXTEEN APPEALS EVERY ONE of which was decided in his favor, by the Commissioner of Patents

R. H. EDDY.

Boston, Sept. 1, 1858. 3tawdawly

CODMAN HOUSE,

RE-OPENED.

This spacious and commodious House has been recently refitted and furnished for the accommodation of the public, under the management of J. A. BACHELDER, whose observation, and experience as a Hotel-keeper is unsurpassed. One of the best Cooks in the country will preside in the Kitchen.

The location of the House, and its appointments, cannot fail to render it one of the most pleasant and convenient stopping places in the country.

In connection with the House is a large *Stable*, with double and single stalls, as may be desired; and having secured the services of one of the most experienced Hostlers, the public may be assured that their Horses will receive the best of care and attention. There is also a large stable, fitted up with stanchions for cattle, separate or in droves.

Special pains will be taken to accommodate people emigrating to the Aroostook on the most reasonable terms.

J. A. BACHELDER, Proprietor.

HERR DAVIS'

Vegetable Pain Killer!

REV. C. ALLEN, writing from Tavoy, Burmah, says—"Within the past four years I have used, and disposed of above five hundred bottles, but can buy no more. Please send me a fresh supply (through the Mission Rooms) as soon as you can, say two hundred bottles. I dare not be without it myself, and there are endless calls for it both by Karens and Europeans. I always take it with me into the jungles, and have frequent occasions to use it both on myself and others.—One night, while sleeping in an open Wayat, I was awoke by a most excruciating pain in my foot. On examination I found I had been bitten by a Centipede. I immediately applied the Pain Killer, and found instant relief. In less than an hour I was fast asleep."

Rev. H. L. Van Meter, of Bassein, India, writes:—"Hide here the news, you that are prize your Pain Killer. For the first two or three years of our residence in India we were ignorant of its valuable properties, and did not use it. But now would hardly feel safe without it for a single day. Only a few nights since Mrs. Van Meter was stung by a scorpion, and intense pain was instantaneous throughout the arm, and such a numbness of the nerves followed. By the continued application of the Pain Killer, for an hour or two, I had at last relief during the night, the alarming symptoms were subdued, and in the morning only a slight soreness was felt in the finger. I gave it in a severe case of Spasmodic Ague, according to directions, and it acted like a charm, breaking it up entirely. The Karens have great confidence in it."

Mr. W. L. Carpenter writes from Calcutta, "My Davis' Vegetable Pain Killer is a very valuable medicine, and most people here that have used it quite share a high opinion of its worth."

Messrs. Davis & Son—Gentlemen:—We have a demand for Davis' Vegetable Pain Killer, and have sold during the past year [illegible] per Sydney, Melbourne, and Hong Kong steamers. Yours truly,

[illegible] Bassett, Hayward & Co.

Messrs. Davis & Son—Gentlemen:—We have sold 50 dozen, and the agents in Hobart Town, with 40 boxes, of your valuable Pain Killer, have arrived, and the Jane Maher brings us the pleasant news of the sale of the last one hundred and twenty-five. The [illegible] Yours truly,

Bassett, Hayward & Co.

Melbourne, Australia, May 14, 1857.

Sold by Druggists and Dealers in Medicines everywhere.
